

Disable the Label: Stuck in Stigma

What You Say Matters.

Exploring Stigma. People living with mental illness, substance use, and/or intellectual/developmental disabilities, often exhibit behaviors that others may not understand. Therefore, individuals may experience discrimination and misunderstanding from others.

This training will:

- Define & discuss stigma
- Introduce person-first language education
- Explore how awareness can lead to understanding

Two, free in-person training sessions offered.

Sponsored by Polk County DSS & WithALL
