2025 Plant Sale

Strawberries - Bare Root - 25 plants per Bundle - \$12/Bundle

Jewel - Large berries with superb quality, flavor, and appearance. Performs well over a wide range of growing conditions. Consistent year to year. Mid-season fruiting (June).

Earliglow - One of the most popular, best tasting strawberries. This excellent variety will give you an abundance of large, dark red, juicy berries. The plant is vigorous and produces many runners that increase your crop year after year. Disease resistant to red stele and verticillium wilt. Cold hardy.

Blackberries - 1 Gallon Potted Plant - \$10 Each

Ouachita - The best blackberry on the market! Mid-season, thornless variety with excellent quality fruit and large firm, sweet, attractive berries. Very erect canes and great vigor. Resistant to diseases so you can ensure a healthy crop.

Prime Ark Freedom - Harvest berries with ease from thornless, upright canes. Primocanes fruit first, followed by a second crop on older canes. Fruit is large, firm, and sweet. Excellent choice for home gardening or farmer's markets. Disease resistant to rust. Everbearing primocane. Early season. Drought tolerant. Cold hardy.

Prime Ark Traveler - Glossy fruit with high quality flavor. Thornless canes have a vigorous, upright growth habit that makes berries easy to pick. Firm fruit holds up well compared to other blackberries; best for eating fresh, using in recipes, and offering at farmer's markets. Taste is delightfully sweet and sub-acid. A productive, thornless primocane blackberry variety!

Raspberries - 1 Gallon Potted Plant - \$10 Each

Fall Gold - Large to very large golden berries! They are non-crumbling, extremely sweet with a soft texture. Excellent for fresh eating and processing. Vigorous, productive canes.

Crimson Giant - Giants in raspberries. These very large conical berries are exceptionally bright red and ripen late September through October. Fruits are firm, easy to pick and easily release when handpicking.
